3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

4 NEW SECTION. Section 1. Short title. [This act] may be cited as "The General Appropriations Act of 2019".

5 NEW SECTION. Section 2. First level expenditures. The agency and program appropriation tables in the legislative fiscal analyst narrative accompanying this bill, showing first level 6 expenditures and funding for the 2021 biennium, are adopted as legislative intent.

NEW SECTION. Section 3. Severability. If any section, subsection, sentence, clause, or phrase of [this act] is for any reason held unconstitutional, the decision does not affect the validity of the remaining portions of [this act].

NEW SECTION. Section 4. Appropriation control. An appropriation item designated "Biennial" may be spent in either year of the biennium. An appropriation item designated "Restricted" may be used during the biennium only for the purpose designated by its title and as presented to the legislature or as restricted in this act. An appropriation item designated "One Time Only" or "OTO" may not be included in the present law base for the 2023 biennium. The office of budget and program planning shall establish a separate appropriation on the statewide accounting, budgeting, and human resource system for any item designated "Biennial", "Restricted", "One Time Only", or "OTO". The office of budget and program planning shall establish at least one appropriation on the statewide accounting, budgeting, and human resource system for any appropriation that appears as a separate line item in [this act].

13 NEW SECTION. Section 5. Appropriation control. The office of budget and program planning shall establish a separate appropriation on the statewide accounting, budgeting, and human 14 resource system for the funding included in each executive branch agency's budget to pay fixed cost allocations to the state information technology services division of the department of 15 administration. The appropriations must be designated as restricted. 16

17 NEW SECTION. Section 6. Program definition. As used in [this act], "program" has the same meaning as defined in 17-7-102, is consistent with the management and accountability structure 18 established on the statewide accounting, budgeting, and human resource system, and is identified as a major subdivision of an agency ordinally numbered with an Arabic numeral.

NEW SECTION. Section 7. Personal services funding -- 2023 biennium. (1) Except as provided in subsection (2), present law and new proposal funding budget requests for the 2021 biennium submitted under Title 17, chapter 7, part 1, by each executive, judicial, and legislative branch agency must include funding of first level personal services separate from funding of other expenditures. The funding of first level personal services by fund or equivalent for each fiscal year must be shown at the fourth reporting level or equivalent in the budget request for the 2023 biennium submitted by November 1 to the legislative fiscal analyst by the office of budget and program planning.

(2) The provisions of subsection (1) do not apply to the Montana university system.

23 24 NEW SECTION. Section 8. Legislative intent. It is the intent of the legislature that the office of budget and program planning review rent and lease agreements funded by appropriations in 25 Ithis act for reasonableness and review prior to completion of the rent or lease agreement.

26 NEW SECTION. Section 9. Totals not appropriations. The totals shown in [this act] are for informational purposes only and are not appropriations.

27 NEW SECTION. Section 10. Effective date. [This act] is effective July 1, 2019.

NEW SECTION. **Section 11. Appropriations.** The following money is appropriated for the respective fiscal years:

Fiscal 2020

CHIP Federal Medicaid Assistance Percentage state special revenue funds are from the account established in 17-6-606 and must be expended before the general fund appropriation for CHIP State Match pursuant to 17-2-108.

Senior & Long-Term Care Division Nursing Home appropriation for Medicaid nursing home services is restricted to spending on Medicaid nursing home services or the Big Sky Waiver within the Senior and Long-Term Care Division.

If Medicaid expansion is not renewed, the DPHHS appropriation for the Health Resources Division in HB 2 is increased by \$28,410,375 general fund and \$55,428,911 federal funds in FY 2020 and \$28,519,386 general fund and \$55,887,606 federal funds in FY 2021.

The Disability Employment & Transitions Division is appropriated \$775,000 of state special revenue from the Montana Telecommunications Access Program (MTAP) during each year of the 2021 biennium to cover a contingent FCC mandate, which would require states to provide both Video and Internet Protocol relay services for people with severe hearing, mobility, or speech impairments.

If a companion bill amending 53-19-310 to allow for legislative transfers is not passed and approved, the appropriation for the Addictive and Mental Disorders Division in HB 2 is reduced by \$550,000 state special revenue and \$1,020,083 federal funds in FY 2020 and \$800,000 state special revenue and \$1,483,757 federal funds in FY 2021 and the appropriation for the Developmental Services Division in HB 2 is reduced by \$550,000 state special revenue and \$1,020,083 federal funds in FY 2020 and \$800,000 state special revenue and \$1,483,757 federal funds in FY 2021; and the appropriation for the Disability Employment and Transitions Division is reduced by \$400,000 state special revenue in FY 2020 and \$400,000 state special revenue in FY 2021.

Housing Funding may be used only to provide housing vouchers for eligible applicants.

Workload Study and Training funding is contingent on the department: (1) completing a workload study of probation and parole officers that includes an organizational assessment of the supervision structure and allocation of offender caseloads across probation and parole staff that is based on offender risk levels determined through a risk assessment; and (2) developing a plan to implement training on the offender management information system. The department shall report to the legislative finance committee by December 31, 2019, on the results of the workload study and allocation of offender caseloads and the plan to implement training for the offender management information system. Funding may be expended only after the budget director certifies that the department has completed its workload study on probation and parole and allocation of offender caseloads.

Director's Office Contingency funding may be expended in fiscal year 2021 only after the budget director certifies that county jail holds are maintained at a monthly average of 250 or less for the previous 18 months.

Offender Management Information System Training Positions must be funded out of the Probation and Parole Division's base budget with 2.00 nonbargaining FTE and must be used to immediately implement training to employees on the offender management information system and other needs as identified in Workload Study and Training.

All remaining federal pass-through grant appropriations for the bureau of crime control, up to \$11.0 million in federal funds, including revisions, for the 2019 biennium are authorized to continue and are appropriated in fiscal year 2020 and fiscal year 2021.

Probation and Parole Career Ladder is contingent on the department: (1) reviewing the files of all probationers and parolees under its supervision to determine if they are eligible for conditional discharge from supervision; and (2) notifying all eligible probationers and parolees in writing of their eligibility for conditional discharge from supervision. The department shall report to the legislative finance committee by December 31, 2019, on the number of files reviewed and the number of probationers and parolees eligible for conditional discharge from supervision. Funding may be expended only after the budget director certifies that the department has completed the evaluation of all parole files and has notified all eligible probationers and parolees.

The indirect cost rate allocation is capped at 3% beginning July 1, 2019, for regional correctional facilities, which are both regional prisons in Dawson and Cascade Counties and the Missoula assessment and sanctions center. Capital costs for these regional correctional facilities are allocated to the per diem based on a use allowance for selected items of costs as follows: (1) the use allowance for buildings and improvements is limited to 2% of acquisition cost for a maximum of 40 years; and (2) the use allowance for equipment with an individual acquisition cost of \$5,000 or more is limited to 6.67% of acquisition cost for 15 years. Effective July 1, 2019, a regional correctional facility shall consult with the department prior to any anticipated personal services increases or nonroutine purchases that exceed \$5,000.

It is the intent of the legislature that offender placement be based upon a risk/needs score and offender risk to the community.
